WORK HISTORY

Global User Operations Specialist L2, 12/2024 - Current

TikTok

- Operated as L2 for application, bug, and access issues and participated in multiple P0 incident investigations end-to-end (triage, logs/telemetry, rapid RCA with Product/Engineering), maintaining SLA compliance across 6,700+ tickets with 95%+ quality.
- Authored and standardized SOPs; partnered with the Policy team to refine procedures and participated in training new joiners to drive consistency and reduce escalations.
- Supported XFN team leads on technical incidents and issue diagnostics; delivered workarounds that preserved operations for 192+ business partners.

Service Desk Technician, 07/2022 - 11/2024

CGI - Circle K

- Instituted efficient escalation procedures, reducing resolution times by 25% for complex technical issues.
- Implemented comprehensive IT support and troubleshooting protocols for 7000+ Couche-Tard and Circle K stores across north America, reducing average resolution time and resolved 5,000+ ServiceNow incidents with 90% CSAT at 2.8 tickets/hour.
- Orchestrated the implementation of Microsoft Office Suite, RDP, and SCCM in the IT environment, resulting in a minimum of 30% reduction in system downtime and enhancing overall productivity.
- Applied basic root-cause analysis to resolve API issues by making light configuration edits and debugging simple JSON/XML using an in-house formatter/validator, improving customer confidence.

Customer Support Specialist, 01/2021 - 07/2021

Majorel

- Analyzed 1500+ responses to a consumer survey to evaluate brand perception and customers' willingness to pay.
- Implemented comprehensive customer feedback system, analyzing, and addressing pain points; led to a 20% improvement in Net Promoter Score (NPS) and a 15% decrease in customer complaints
- Collaborated with colleagues and supervisors to identify and resolve complex issues, fostering a team-oriented environment and contributing to the overall success of projects
- Enhanced telecommunications systems and databases to deliver accurate and timely information, resulting in a 20% decrease in average call handling time and a 15% increase in customer retention rate, positively impacting company performance
